

# Vote Vault Iteration 4

By: Logan, Kevin, Julian, and Carson

# Aesthetics

Did a complete UI overhaul fitting more of the prototype and client feedback

# Modularity

## Table

- Most recent change that introduced modularity was the tables

# Testing

# Development environment

# Clean Code

# Documentation

<https://github.com/KyuXCode/VoteVault/tree/master/Documentation>

# Feedback

Client:

- Client was unable to meet before 3/17

Mentor:

- Mentor was unable to meet before 3/17

# Future

- Improve producing and replicating audit with a seed
- Further refine UI

# Teamwork

Carson, Julian, and Logan - UI revision

Kevin - Website walkthroughs
