Vote Vault Iteration 4

By: Logan, Kevin, Julian, and Carson

Aesthetics

Started the UI overhaul fitting more of the prototype and client feedback

Modularity

Table

- Breaks the table down into column and rows.

Documentation

https://github.com/KyuXCode/VoteVault/tree/master/Documentation

Feedback

Client:

- Duncan liked where the UI was going.
- Duncan didn't have anything to note and just wants us to continue with the requirements

Mentor:

- Abby had no comments

Future

- Improve producing and replicating audit with a seed
- Further refine UI
- Add table

Teamwork

Carson, Julian, and Logan - UI revision

Kevin - Website walkthroughs
